

MOEN®

ILLUSTRATED PARTS

REFERENCE GUIDE

WE ARE EXCITED TO BRING YOU A FRESH EDITION OF THE ILLUSTRATED PARTS REFERENCE GUIDE.

Thank you for your positive feedback and suggestions on how to make this an even more effective tool. In this edition, you'll find the faucet products you are most likely to be asked to service. The product selection included is based upon years in the market and the volume of that product sold.

We are including a few additional highlights in this edition:

Moen Plumber Connection

1. Built just for the Professional Plumber. Think about it as your online toolbox for all things Moen.

LEARN + EARN:

Train to hone your skills and keep your career and business growing. Plus, we offer some pretty great rewards for successfully completing training.

TAP INTO RESOURCES:

Looking for catalogs, sell sheets, or selling materials? It's all there.

JOB LEADS:

Enroll your business in the Moen Pro Network to get in front of homeowners who use Moen's online Pro Finder tool looking for a Pro to install their Moen products.

Read more on pages 4-5 | visit moen.com/plumber

2. Smart Water Security

From the whole-home mainline water monitoring device, Flo by Moen™ Smart Water Shutoff, to the additional security of the Smart Water Detectors and the Smart Sump Pump Monitor, we've got your customers covered 24/7 with app alerts to avoid catastrophic water damage.

Read more on pages 6-7

3. M-CORE™ Universal Valve System

This valve system was designed with you, the Professional Plumber, in mind with easy install and simple service features.

Read more on pages 8-9

We raise our wrenches high and salute you and the trade.

PLUMB ON.

INTRODUCING

MOEN®

PLUMBER CONNECTION

Your Online Toolbox For All Things Moen

Moen Plumber Connection is a website built for professional plumbers and plumbing business owners of all skill levels. You'll want to bookmark this go-to destination to help you grow your skills and business.

WEBSITE HIGHLIGHTS

SKILL BUILDING

Build your skills, knowledge and confidence with online training that's accessible 24/7 on mobile and desktop. Track your training and reward points progress via a personalized dashboard.

LEARN & EARN

While growing your skills, you can also earn points to redeem for rewards. This includes useful plumbing tools and on-the-job gear from brands like YETI®, Carhartt® and more.

TOOLS & RESOURCES

It's easier to get the job done with an extensive lineup of product literature, parts guides, how-to videos, selling materials and more. You'll find all this valuable content in one easy-to-access location.

JOB LEADS

Plumbing business owners can join the Moen Pro Network to get in front of homeowners. Your business will be listed in the Moen Pro Finder, which highlights your business and ability to install Flo by Moen products. You can learn more and enroll for the Moen Pro Network via the Moen Plumber Connection.

MOEN PRO ADVISORY COUNCIL

Meet the Pro Advisory Council, a community of hands-on plumbing professionals who the Moen team relies on for their in-the-field perspective. They share feedback, suggestions, and insights based on their experience to help ensure that you get the Moen products and support you need.

Flo by Moen™

The Smart Home Water Monitoring and Leak Detection System

Flo by Moen Smart Water Shutoff is a whole-home mainline water monitoring device for the home. The device monitors water, identifies leaks and alerts homeowners of potential issues to protect the home.

QUICK FACTS:

Whole-Home Water Security

Flo by Moen Smart Shutoff monitors the entire water system for big leaks, microleaks and even invisible leaks behind walls.

Proactive Protection

Daily health tests help keep the home leak-free and alert the user when there's an issue.

Water Shutoff Valve

Remote and automatic options to shut off valve help to prevent catastrophic damage.

Microleak™ Technology

Advanced sensors detect leaks as small as one drop of water per minute.

Support

On-call experts help users identify and troubleshoot detected leaks.

Savings

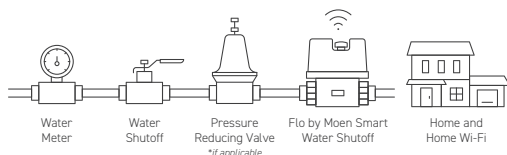

24/7 monitoring allows homeowners to see how they are consuming water and establish savings goals.

Insurance Discounts

Insurance discounts may be available based on carrier and region. Please check with your local insurance representative for eligibility.

WHERE TO INSTALL:

The Smart Water Shutoff installs after the water meter, after the main water shutoff, after the pressure reducing valve (if applicable) and before any fixtures to the home. The Smart Water Shutoff is paired with the home's Wi-Fi and can capture all vulnerabilities in the potable water system. The device is available in a variety of sizes to meet the needs of your home's plumbing system.

Moen recommends installation by a professional

Flo by Moen Smart Water Detector

For additional security, place detectors anywhere in your home that may be vulnerable to leaks, such as water heaters, toilets, and washing machines. If an issue is detected, not only will you receive real-time notifications from your Flo by Moen App, but when used with the Smart Water Shutoff, a leak sensed by the Detector can trigger the shut-off feature to protect the home from water damage immediately.

Flo by Moen Smart Sump Pump Monitor

The new Flo by Moen™ Smart Sump Pump Monitor gives homeowners peace of mind by monitoring their sump pump performance through connected, smart technology that provides real-time, 24/7 alerts of potential failure or flooding issues before it's too late.

WHAT IS THE SMART SUMP PUMP MONITOR?

- The Smart Sump Pump Monitor is a device that is plugged into the wall that the homeowner's sump pump then plugs into. Includes:
 - Smart Water-Level Sensor that constantly monitors the water level in the sump pump crock in real time to alert homeowners of a flooding risk or if the pump is not working efficiently.
 - A Remote Leak Sensing Disc is included to enable another layer of protection by letting homeowners know water has been detected where it shouldn't be near and around the sump pump.

HOW DOES IT WORK?

- The Smart Sump Pump Monitor requires a Wi-Fi connection for full functionality; however, in the event of a power disruption, it will utilize a 9-Volt battery to sound the optional audible siren if an abnormality is detected.
- The corresponding Moen smartphone app provides exact, water-level data; plus, it monitors for excessive pump running, loss of power, WiFi status, temperature, humidity, and leaks, so homeowners can understand the health of their sump pump and their risk of pump failure.
- The Smart Sump Pump Monitor features an easy installation, and works with any size (up to 1 HP) or brand of sump pump.

Flo by Moen™ Smart Sump Pump Monitor will be available Q4 2021

Moen® M-CORE™ Universal Valve System

Designed with the Pro in mind.

Introducing M-CORE™, a universal valve system that's simpler and faster to install, and offers functionality with desired style choices to create an ideal shower system.

M-CORE 2-SERIES TRIM

Available in a wide range of styles and finishes for spec, first upgrade, second upgrade and premium suites

- Temperature control
- Improved style with no visible screws, stop tubes or gaps
- Pressure balancing functionality
- Precise temperature limit adjustment
- 1212 mixing valve cartridge is included with trim
- Matching mixing and transfer valve trim

M-CORE 3-SERIES TRIM

Available in all styles, finishes, and platforms for second upgrade and premium suites

- Volume and temperature control
- Improved style with no visible screws, stop tubes or gaps
- Pressure balancing functionality
- Precise temperature limit adjustment
- 1213 mixing valve cartridge is included with trim
- Matching mixing and transfer valve trim

M-CORE MIXING VALVES

- Integrated mounting bracket for flat installation
- Mixing Valve outlet aligns with Transfer Valve inlet
- Connection types: CC/IPS, Cold Expansion PEX, Crimp PEX, CPVC
- Pre-fabricated tub drop option (4 Port Only)
- Smaller Valve Profile: More Space within 2x4" framing
- Test cap included for system testing
- Precise temperature limit adjustment
- Mixing valve cartridge is included with trim

TRIM OPTIONS

Trim for M-CORE universal valves is available in a wide range of styles and offers a cleaner, more cohesive and streamlined look

2-SERIES TRIM PLATFORMS

Available in Eco-Performance tub/shower, Eco-Performance shower only, valve only configurations, as well as select no head platforms

FINISH OPTIONS

Trim compatible with M-CORE universal valves is available in any finish currently offered on corresponding bath collections

- Brushed Nickel (BN)
- Chrome (CH)
- Brushed Gold (BG)
- Polished Nickel (NL)
- Oil Rubbed Bronze (ORB)
- Matte Black (BL)

Lifestory Research™

AMERICA'S
MOST TRUSTED®

Faucet Brand

2016 - 2021

FOR THE SIXTH CONSECUTIVE YEAR,

Moen earns the title of America's Most Trusted® Faucet Brand*

As the #1 faucet brand in North America, Moen provides consumers with meaningful innovation, useful features, thoughtfully designed products, lasting value... and most importantly, trust.

*Moen received the highest numerical score in the proprietary lifestory research 2016 - 2021 America's Most Trusted® Faucet studies. Study results are based on experiences and perceptions of people surveyed. Your experiences may vary. Visit www.Lifestoryresearch.com.

MOEN®

This book contains illustrated parts pages for many, but not all, Moen products. All illustrated parts and specification pages can be found on www.moen.com.

Although descriptions are believed correct at the time of publication, accuracy cannot be guaranteed. Moen reserves the right to make product parts and specification changes from time to time without notice or obligation, and to change or discontinue models.
