

# A Smarter Way to Control Your Water

The Moen Smart Water Network simplifies your life and gives you peace of mind by creating a deeper connection with the water in your home. Control and customize all interactions with water to elevate your experiences to a level that has never before been possible.

## SMART WATER NETWORK CUSTOMIZED CONTROL AND CONVENIENCE

### Track Water Usage

See your home's total water usage by device in the Moen Smart Water App, so you can know when and where water is being used.

### Water Security

Monitor your water usage, detect leaks in your pipes 24/7 and automatically shutoff your entire water supply before a catastrophic leak damages your home.

### Customization and Personalization

Further enhance your relationship with water throughout your home by setting preferred settings and presets for a completely personalized experience.

### Whole Home Monitoring

Monitor, track and control the entire water supply system throughout your home.

### Notifications and Alerts

Receive real-time alerts through the app, a text or even phone call, so you can take immediate action to address potential issues.

### Conservation Goals

Set and reach water conservation goals by automatically shutting off your devices after a set amount of time and using presets to pause your Smart Shower or to pour the exact amount of water you need with the Smart Faucet.

## MOEN SMART WATER APP

The free iOS/Android™ Moen Smart Water App is easy to set up and allows you to control all of the features and benefits of the products in your Smart Water Network from customized settings and personalized presets to monitoring water usage and automatic shutoff.
