SMART WATER NETWORK

All of Moen's smart water products, working together through Moen's Smart Water Network, are designed with one thing in mind: to elevate the experience you have with water inside and outside of your home.

A Smarter Way to Control Your Water

SMART CUSTOMIZABLE WATER

Your water, your way. From dialing in the perfect 102° for your morning shower, to using your voice to dispense exactly 2 tablespoons of water or selecting the water temperature and flow rate with just the swipe of a hand, Moen's Smart Shower and Smart Faucets make it simple to personalize your every interaction with water.

SMART IRRIGATION

Effortless outdoor watering, all from the palm of your hand. The Smart Sprinkler Controller and Smart Wireless Soil Sensors offer automated and customized outdoor watering routines, adapting to the unique needs of each lawn—and bringing the power of Moen's Smart Water Network to the area of the home where water is used most.

SMART WATER SECURITY

Never waste a drop again with Moen[®] Smart Water Security. With the power to reduce annual household water wasted by 90% or more, Smart Water Security products monitor your home's water to help prevent leaks and costly water damage, while also tracking your water usage to identify opportunities to conserve.

Smart innovations offer both clean visual appeal and conveniences that enhance how you engage with water every day. Decorate your home with meaningful, thoughtfully-chosen objects and you'll be surrounded by beauty every day.

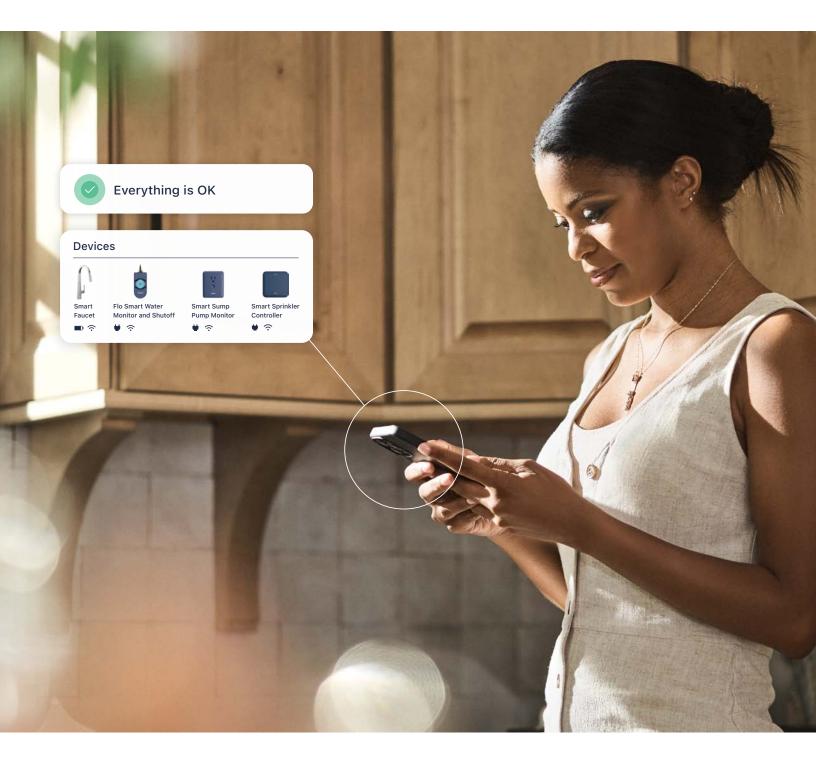

STYLE WITH SUBSTANCE AND SMARTS

Customized Control and Convenience

The Moen[®] Smart Water Network simplifies your life and gives you peace of mind by creating a deeper connection with the water in your home. Control and customize all interactions with water to elevate your experiences to a level that has never before been possible.

TRACK WATER USAGE

See your home's total water usage by device in the Moen Smart Water App, so you can know when and where water is being used.

WATER SECURITY

Monitor your water usage, detect leaks in your pipes 24/7 and automatically shutoff your entire water supply before a catastrophic leak damages your home.

CUSTOMIZATION AND PERSONALIZATION

Further enhance your relationship with water throughout your home by creating preferred settings and presets for a completely personalized experience.

WHOLE HOME MONITORING

Monitor, track and control the entire water supply system throughout your home.

NOTIFICATIONS AND ALERTS

Receive real-time alerts through the app, a text or even phone call, so you can take immediate action to address potential issues.

CONSERVATION GOALS

Set and reach conservation goals with a variety of features; automatically shut off devices after a set amount of time, warmup and pause your Smart Shower until you are ready, and pour the exact amount of water you need with your Smart Faucet.

MOEN SMART WATER APP

The free iOS/Android[®] Moen Smart Water App is easy to set up and allows you to control all of the features and benefits of the products in your Moen Smart Water Network from customized settings and personalized presets to monitoring water usage and automatic shutoff.

(NEW) Q3 SMART HANDLE-FREE FAUCET WITH MOTION CONTROL

The Moen[®] Smart Faucet with Motion Control makes life easier and completely touch-free in the kitchen. Advanced sensor technology allows for touchless operation of both the temperature and water flow with simple hand motions, while voice-activated and app-based features offer additional control and personalization. It's an experience so seamless, you never need to touch the faucet—which is why these models have been designed without a handle entirely.

SMART CUSTOMIZABLE WATER

SMART SHOWER CONTROLLER AND DIGITAL VALVE

9:23 minutes and the second se

The Smart Shower is a Wi-Fi enabled, digital shower that offers mobile connectivity and unmatched personalization, providing you with countless ways to create your ideal showering experience. You can control the shower in three ways: voice control through smart speakers, the U by Moen^a Smart Shower App, and a shower controller. Within the app, you can create up to twelve presets including name, greeting, outlets used, temperature, timer and notifications. Additionally, the "warmup and pause" feature activates the shower to warm up to your exact temperature and then pause the water flow until you're ready to get in, helping to reduce unnecessary water waste. With the Moen Smart Shower, your perfect shower is just a tap or voice command away.

SMART WATER SECURITY

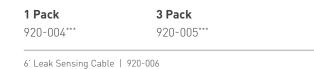

FLO SMART WATER MONITOR AND SHUTOFF

Reduce your risk of water leaks and damage with the Flo Smart Water Monitor and Shutoff. Flo monitors flow rate and pressure of your home's water and tracks total home water usage, allowing the intelligent system to detect leaks as small as a drop a minute anywhere in your home. Plus, it can automatically shut off the water before a catastrophic leak occurs.

SMART LEAK DETECTOR

The Smart Leak Detector is a standalone sensor that can be placed anywhere in a home to alert you when and where it detects moisture to help prevent water damage and loss. If the Smart Leak Detector senses the presence of water, extreme temperatures or high humidity, it will alert you in one or more ways, according to set preferences: Moen* Smart Water App, text, phone call or email.

SMART SUMP PUMP MONITOR

Retrofittable to any sump pump (up to and including 1HP), the Moen Smart Sump Pump Monitor gives you peace of mind by monitoring your sump pump's performance through connected, smart technology that provides 24/7 alerts of potential failure or flooding issues, before it's too late.

S2000ESUSA

Comes with 10' smart water level sensor, 6' leak sensing disc, 9-volt battery back up and zip ties for installation.

(NEW) SMART WIRELESS SOIL SENSOR

Moen Smart Wireless Soil Sensors pair with the Moen Smart Sprinkler Controller to intelligently optimize and automate inground home irrigation systems. By monitoring the moisture and temperature levels of the soil, the sensors ensure just the right amount of water is used—where and when it's needed most—to ensure a healthy and lush landscape. Just set and forget.

WISNS002G1USA

(NEW) SMART SPRINKLER CONTROLLER OUTDOOR ENCLOSURE

The Moen Smart Sprinkler Controller Outdoor Enclosure securely houses the Moen Smart Sprinkler Controller to protect the device in outdoor installation settings. The water-tight enclosure is made of high-grade plastic and is certified for outdoor electrical systems to ensure it can withstand outdoor weather conditions and keep your controller protected and running uninterrupted.

CUSTOM SHOWERING

COMPLETELY CUSTOMIZED BLISS

The Verso[®] Rainshower featuring Infiniti[®] Dial with Magnetix[®] offers endless spray pressure and coverage options for limitless luxury in the shower. It's just one of Moen's many customizable shower options that helps you create the experience you desire, every day.

Verso Rainshower Featuring Infiniti Dial in Brushed Nickel | 220R3BN

Your Perfect Shower, Seamlessly

ENDLESS SPRAY OPTIONS

Slide the Infiniti" Dial to find the perfect blend of spray, pressure and coverage for your ideal shower. No more clicking through predetermined settings—create the experience that's just right for you.

COMPLETE CUSTOMIZATION

The Verso" line of showerheads offers the ultimate in personalization, from unique-toyou spray patterns to choices of finishes and platforms—and even improved ways to clean.

FRUSTRATION-FREE CLEANING

Magnetix[®] magnetic-docking technology eliminates the frustration of showerhead cleaning — simply remove the showerhead, soak in a cleaning solution, wipe clean and snap back into place. The magnetic dock even integrates recycled ocean plastic for a sustainable design solution.

A modern design that creates ease and provides peace of mind. It simplifies what we see visually and streamlines our interaction with it. Long, vertical tile draws the eye upward, accentuating a tall, sculpted space.

CONTEMPORARY DESIGNS THAT SUIT ALL STYLES

Customize Your Shower

Create a shower that is best suited to your lifestyle. One that can invigorate your senses and wash away the stress of the day, while providing you with a therapeutic water experience. Moen[®] offers a variety of valve options, showering devices and product options in a range of finishes that allow homeowners, designers and installers to customize the design and functionality of their showers. The possibilities are endless to create an indulging, spa-like shower for your specific needs.

CONFIGURATION

Take into consideration the number of walls you'll use along with how many walls surrounding your shower will be glass. Do you want all your controls and shower devices on the same wall, or would you rather be surrounded with spray? Don't forget, the ceiling can serve as an extra wall for a rainshower. Will you need to include a tub spout?

SHOWERING DEVICES

Select the water spray option best suited for you, whether it be a handshower, rainshower or body sprays. Which do you prefer? How many of each?

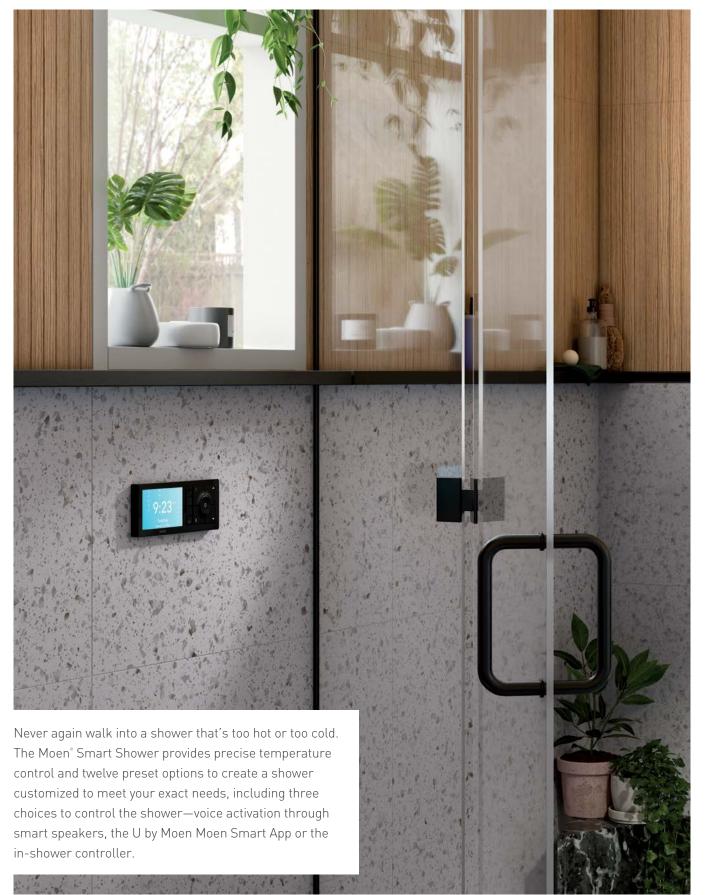

VALVE OPTIONS

Take control of how you would like your shower to function. Do you want your shower to be integrated into your smart home? Would you like to control water volume and temperature independently? Do you want the ability to use more than one showering device at the same time?

TRIM STYLE AND FINISH

Mix and match trim styles and finishes to create your perfect shower design. Do you have a minimalist modern trim style, or are you going for a more elegant, traditional look? Do you prefer mirror-like Chrome or the bold statement of Matte Black?

SHOWER RAILS

A N N E X

With industrial-inspired sophistication, Moen's Annex Shower Rail combines fashion and function, letting you enjoy both the showerhead and handshower of your choice. The versatile design installs without disturbing existing tile or requiring a change in showerhead height to effortlessly add a handshower to your space.

Annex installs easily against any surface with its 2 ½" adjustability between the shower rail and wall, mounting directly to a flush wall or wall with up to a 1" offset. The secure Annex mounting systems meets ADA pull-force requirements, up to 250 pounds, and the fixture pairs with M-CORE[®] or Posi-Temp valves and trims.

TS3661NH

SECUREMOUNT[®] SYSTEM

SecureMount Anchors and Plates

1 Pair Pack SMA1000 | 🚳 10 Pair Pack SMA1001 | 🕲

SecureMount System

The SecureMount System is the ultimate choice in easy, secure grab bar installation.

SecureMount Grab Bars

The unique flange makes it easy to connect to the stud at multiple points, at any angle.

SecureMount Anchors

Precision-engineered for optimal bracing behind the wall, SecureMount Anchors allow for easy grab bar installation—with no studs required anywhere on the wall.

16" grab bars can typically mount directly into studs because the standard stud size is 16" on center. 18", 24", 36" and 42" grab bars will often need an anchoring system when mounted into drywall, as an alternative to stud or wood-block installation.

FINISH OPTIONS

Chrome (C/CH), Old World Bronze (OWB)

Product Details:

- 300 lb. weight capacity when securely installed per instructions. Limited Lifetime Warranty. Independently tested by CSA and NAHB laboratories to exceed ADA, ASTM, ANSI and CSA standards.
- Mount securely to a variety of substrates': 1/2" or 5/6" drywall 1/2" or 5/6" drywall with tile

available on accessories or lighting.

Most Moen faucets come with a Limited Lifetime Warranty against leaks, drips and finish defects. For complete details, call 1-800-BUY-MOEN or visit us at moen.com.

Magnetix[®]

Magnetix showers feature an innovative magnetic docking system. The handshower detaches effortlessly, then returns with a telltale snap that lets you know it's securely docked.

MAGNETIX

MotionSense Wave⁻⁻ Touchless Faucets

MotionSense Wave single sensor touchless faucets allow you to easily turn water on and off with the wave of a hand, keeping messes and germs at bay.

M•Pact[®] Common Valve System

Change the look of bathroom fixtures without replacing the valve. You can upgrade the style or change the finish at any point in the decorating or construction process—or switch styles years down the road in just minutes.

Pivoting Paper Holders

Many Moen paper holders feature an innovative, spring-free design that makes changing the roll quick and easy. Simply lift the arm, insert the roll and set the arm back into place. The pivoting arm remains attached so there's no spring to lose and no extra parts to drop.

Power Boost"— Faster Clean. Faster Fill. Power Boost Technology provides a boosted stream that fills pots and pitchers faster and provides 50% more spray power" for guick clean up.

Power Boost" Pro

POWERCLEAN

1:(O)⊕(∃hr

Move about the kitchen like a pro with Moen's new Power Boost Pro spray technology. Fill containers, clean plates, and target spray coverage with just the press of a lever. Faucets with Power Boost Pro offer a variable flow rate from 1.1–2.2 GPM to meet any need for improved cleaning spray, reduced splash, and the ability to save water with a low-flow stream that won't sacrifice experience.

Power Clean[®] — More Force, Less Splash[®]

Power Clean technology provides 50% more spray power versus most Moen pulldown and pullout faucets without the Power Clean technology, while containing splashing and minimizing mess. Now, users can clean dishes faster while reducing the amount of residual water in and around the sink. Greater force means faster cleanup with less water used.

Pro-Fit[®]

The Pro-Fit Installation System is a single-screw mounting system that uses a pre-attached hollow wall anchor for a fast and solid installation. This eliminates the hassle of set screws with a simple locking tab that holds Pro-Fit posts firmly in place. Visit moen.com/professional for installation videos.

Reflex[®] System

SECUREMOUNT

Sound SHIELD[™]

SP®T

ŘESIŠŤ

Only Moen pullout and pulldown faucets include Reflex—a comprehensive system of features and design elements that improve the way your faucet functions. Engineered specifically for select pullouts and pulldowns, these improvements work in unison to enhance overall functionality and usability. Because Reflex was created based on input from actual users, faucets with Reflex naturally respond to the way you work, and the way you want your faucet to work.

SecureMount[®]

SecureMount anchors allow for an easy grab bar installation with no studs required anywhere on the wall. This means you can place grab bars exactly where you want, resulting in a safe and stylish look in the bath.

SoundSHIELD

All disposals and stainless steel sinks feature SoundSHIELD, assuring exceptional noise reduction and quiet dependability.

Spot Resist" Finish

Spot Resist does just what it says—resists fingerprints and water spots. This innovative finish maintains the brilliance of your kitchen faucets to help you spend more time enjoying your home and less time cleaning it.

WaterSense[®]

*Versus Moen pullout and pulldown faucets without Power Clean or Power Boost technology.
